

## Join the online event for alumni in Spain

Dear Anouk,

If getting together in-person isn't possible, let's meet virtually!

On Thursday April 23rd at 20.00 hrs you are invited to join alumni from both your own city and other parts of Spain as part of a special online event and borrel for our DEAN\* communities in the country.

The interactive evening programme includes brief updates from the universities, followed by a short talk by TU Eindhoven alumna Derya Sever, Supply Chain specialist at Médicos Sin Fronteras (MSF).

Doctors without Borders (as it's translated) is an international non-profit providing medical assistance to people affected by conflict, epidemics, disasters, or exclusion from healthcare. The organization employs over 67,000 staff members working in over 70 countries. Our Barcelona based alumna speaker Derya has worked for MSF since 2017 and during her short talk will share personal field stories as well as give some insight into how complex supply chain processes can be improved in a socially responsible manner. During the Q&A session, you will also have a chance to learn how the COVID-19 crisis has impacted their operations.

Per tradition, our gathering concludes with a virtual borrel (BYOB) where you and fellow alumni living in Barcelona, Madrid and other parts of Spain will be mixed with each other to maximize interactions and stimulate conversations! Make sure to also bring some chips and your favorite salsa dipping sauce

Why are your Alumni Offices organizing this online event?

For expats who are living outside of their own countries, alumni networks such as DEAN can be extremely useful resources for tapping into fellow alumni for advice and support particularly during crisis periods. The new online event format has been developed to enhance local connections between alumni and is an addition to the existing channel the [LinkedIn Group DEAN Spain](#) and newly city based WhatsApp Groups.

To join this event register via the button below so that further details can be shared. Please note that we have a maximum capacity of 100 participants for this activity – if necessary a waiting list will be created.

Please also complete the form if you are unable to participate but would still like to be added to a local alumni whatsapp group in your city.

Please note that all registrations are taken care of by TU Delft.
