

# INNOVATION AND SUSTAINABILITY IN AGRI-BUSINESS

**ESSCA** SCHOOL OF MANAGEMENT

**UniLaSalle**  
Institut Polytechnique

Join us for an experiential program in the heartland of agri-business innovation! Renowned for its rich agricultural heritage and cutting-edge agro-industry, France provides the perfect setting for this educational experience. Interactive workshops, insightful lectures, and exclusive field visits will give you a unique opportunity to explore France's dynamic agro-business sector. Topics range from urban agriculture to methanisation, from sustainable logistics and supply chains to CSR. Not only will you deepen your understanding of agro business, but you will also gain invaluable insights into the role of agriculture in France's cultural identity. Don't miss this chance to blend academic excellence with cultural immersion in the heartland of agro-business innovation. Be inspired to shape the future of agriculture, right here in France.
