

Utrecht
University

Then follow the national minor in Climate Sociology!

- **When?** Academic Year 2024-2025
- **Where?** Choose courses from 7 Dutch uni's
- **Why?** Stay tuned...

How to address
climate injustice
and **inequality**?

Climate denialist:
Why are some
people **sceptical**
towards climate
science?

**Wanna know more about
climate change and sociology?**

What is needed for a
social transition
towards sustainable
societies?

Climate politics and
policy is so
polarized: why?

**CLIMATE
CHANGE IS**

CLASS WAR

Why should you do this?

Because...

I want to know how sociologists study climate change

I want to deepen my sociological knowledge and skills

I want to know how other universities teach sociology

I need action perspective to deal with the climate crisis

I want to become familiar with different sociological traditions

I want to prepare for the labor market: my job will probably be climate policy related

I want to follow courses that combine theory and practice

Students choose 2 or 3 courses

Students choose 1 (or 2) course(s)

Set-up

Sociological theoretical perspectives on climate change

Sociology and the social transition

Environment and Society
(University of Amsterdam)

Political sociology and the environmental crisis
(Utrecht University)

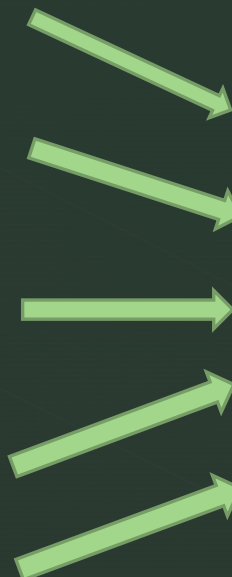

Cultural sociological perspectives on climate change
(Tilburg University)

Climate change & Inequality
(Radboud University)

Sociologies of the Everyday: Food, energy, tourism and migration
(Wageningen University & R.)

What's holding us back? Three sociological answers to why addressing climate change is complex
(Rijksuniversiteit Groningen)

Improving Planetary Health: A Learning Lab for Social-Entrepreneurship
(Vrije Universiteit Amsterdam)

SEMESTER I

	September		October		November		December		January	
UvA	S1-B1	S1-B1	S1-B1	S1-B1	S1-B2	S1-B2	S1-B2	S1-B2	S1-B3	S1-B3
