Study at SDU

Want to study in Denmark?

The University of Southern Denmark has over 30,000 students across its five campuses. With over 5,400 of these students coming from outside Denmark, there is a rich and vibrant international environment.

Ideally placed as Europe's gateway to Scandinavia, Denmark is a kingdom of thriving cities and idyllic landscapes, and an innovative society with a green lifestyle. Denmark is recognized for its high-quality research in areas such as biotechnology, food, and environmental science.
