

Projects with the fossil industry - last edited: 12 Sept 2023

	Project name	Financier	Fossil partner(s)	WUR department	Start	End	Status	More info
14	Impact of offshore installations on marine life	Shell, Petrogas, Neptune Energy	Shell, Petrogas, Neptune Energy	ASG	2022	2026	Ongoing	<a href="https://www.wur.nl/en/research-results/research-institutes/marine-research/themes/maritime-services/impact-of-offshore-installations-on-marine-life.htm">https://www.wur.nl/en/research-results/research-institutes/marine-research/themes/maritime-services/impact-of-offshore-installations-on-marine-life.htm</a>
13	Research project: Development of biofuels based on lignine	RVO	Q8	AFSG	2022		Ongoing	
12	Hydrogen Underground storage in Porous Reservoirs	NWO	Shell		2021	2023	Ongoing	<a href="http://www.hyuspre.eu">www.hyuspre.eu</a>
11	Collaboration on Microbial aspects of subsurface hydrogen storage	TKI (Topsector) Energie	Shell, Gasunie		2021		Ongoing	<a href="https://projecten.topsectorenergie.nl/projecten/enabling-subsurface-h2-storage-effects-of-geo-and-biochemical-reactions-36736">https://projecten.topsectorenergie.nl/projecten/enabling-subsurface-h2-storage-effects-of-geo-and-biochemical-reactions-36736</a>
10	Partnership on AquaConnect: reusing wastewater and brackish water in the NL	NWO	Shell	AFSG	2021	2026	Ongoing	<a href="https://www.aquaconnect.nu/">https://www.aquaconnect.nu/</a> and <a href="https://www.wur.nl/en/project/aquaconnect.htm">https://www.wur.nl/en/project/aquaconnect.htm</a>
9	Enabling Direct Air Capture of CO2 through efficient and stable sorbent materials	NWO	Shell	AFSG	2021	2025	Ongoing	<a href="https://www.nwo.nl/projecten/enppslift019026">https://www.nwo.nl/projecten/enppslift019026</a>
8	Partnership on "Greenification" of the chemical industry (ARC-CBBC)	NWO, Ministry of Economic Affairs	Shell	AFSG	2021	2026	Ongoing	<a href="https://arc-cbbc.nl/news/press-release-greenification-of-the-chemical-industry-one-step-closer-by-the-extension-of-arc-cbbc-2">https://arc-cbbc.nl/news/press-release-greenification-of-the-chemical-industry-one-step-closer-by-the-extension-of-arc-cbbc-2</a>
7	Sussic – Sustainable treatment of industrial waste streams	NWO	Shell		2021	2025	Ongoing	<a href="https://ispt.eu/projects/sussic/">https://ispt.eu/projects/sussic/</a>
6	Prenatal developmental toxicity of petroleum substances	European Petroleum Refiners Association	European Petroleum Refiners Association	AFSG	2015	2023	Ongoing	<a href="https://research.wur.nl/en/publications/?search=european+petroleum+refiners+association&amp;originalSearch=european+petroleum+refiners+association&amp;pageSize=50&amp;ordering=rating&amp;descending=true&amp;showAdvanced=false&amp;allConce">https://research.wur.nl/en/publications/?search=european+petroleum+refiners+association&amp;originalSearch=european+petroleum+refiners+association&amp;pageSize=50&amp;ordering=rating&amp;descending=true&amp;showAdvanced=false&amp;allConce</a>
5	Research line: Effects of subsidence (caused by gas extraction) on vegetation development on the island of Ameland	NAM	NAM	ASG / ESG	1993		Ongoing	
4	Extraction of materials from bark to replace fossil materials	Shell Technology Centre Amsterdam	Shell	AFSG	2022		Finished	
3	Desk study: Biobased polymers for bioplastics	Shell	Shell		2022	2022	Finished	
2	Research project: Intensity of bottom disturbing fishing in the vicinity of pipelines in the North Sea	Fugro	Fugro	ASG	2021	2022	Finished	
1	Research project: Measurement methods toxicity and chemical composition of offshore oil and gas drilling rigs production water	Norwegian Oil and Gas Association, Element NL	Norwegian Oil and Gas Association, Element NL	ASG	2019	2022	Finished
