

International credentials evaluation guideline Academic Year 2025 – 2026

SSC Admissions Office (ssc@wur.nl)

The following information is only to be used as reference for admissions to graduate studies at Wageningen University.

When consulting this guide please note the following:

- ◆ This guide has been compiled using a variety of sources but is by no means complete.
- ◆ Additional grading systems may exist in any country.
- ◆ Transcript legends should be used whenever possible.
- ◆ The minimum qualifications listed below are considered approximately equivalent to a Bachelor's degree in the Netherlands.
- ◆ The minimum required GPA concerns the entire preparatory study programme (Bachelor's or equivalent).
- ◆ Admission Boards may set higher requirements and/or may require additional documentation (e.g. portfolio, sample of written work, etc.).
- ◆ Only students who are graduates of accredited or otherwise approved universities are eligible for admission to graduate studies. Students may be required to provide us with documentation to support the accreditation of the institution.

For a substantial number of countries, Nuffic has published a [country module](#) containing general information about the education system, the main qualifications issued, as well as the evaluation of these qualifications in the Netherlands.

Compensating factors for a slightly lower qualification score

If a candidate's score is only just below the required score, the Master's Admissions Board may use the submitted and additional information to demonstrate the presence of compensating factors according to which the candidate does satisfy the admission criterion of a sufficient qualification score.

Additional information may concern one or more of the following:

- a. mark for the thesis;
- b. marks for courses that are particularly relevant to the Master's programme in question;
- c. undeniable progress in results;
- d. a statement from the prospective student's teaching institution regarding a deviating GPA policy;
- e. achievements in post-academic education;
- f. multiple degree programmes;
- g. marks for courses within WU (for exchange students or students following a minor);
- h. letters of reference;
- i. quality of the institution where the degree was gained.
