ACCOMMODATION

Exchange students who apply by the residence application deadline are guaranteed a space in residence. You can choose from one of our 14 residences that are only a five to seven minute walk to class and vary in size from 50-500 students. Most exchange students choose to live in the East Residence, East Village Townhouses or West Residence because these residences don't require a meal plan and students can cook their own meals. There are also many housing options for students who choose to live off-campus.
