11.00 – 12.00 : reference samples presentations

12.00 – 13.00 : lunch

13.00 – 14.30 : workshops on ring tests in soil physics

14.30 – 15.30 : summary of the workshops and discussion on the next steps – link with other initiatives like Glosolan (FAO)

16.00 – 17.00 : visit of the soil physics lab (Sarah Garré) & Terra research Center

# Gembloux Agro-Bio Tech

Faculty of the University of Liège

## A multisite university in Wallonia

## 11 Faculties

► Philosophy and letters

► Medicine  
*in association with Liège University Hospital*

► Psychology, Speech and Language therapy & Educational science

► Gembloux Agro-Bio Tech

► Law, Political science & Criminology

► Applied sciences

► HEC Liege, School of management

► Architecture

► Sciences

► Veterinary medicine  
*in association with Liège University Veterinary Clinic*

► Social Sciences

**1<sup>st</sup> cycle** Bachelor - 180 ECTS

Bioscience engineering

Landscape architect

**2<sup>nd</sup> cycle** Master - 120 ECTS

Bioscience engineering

- Environmental sciences and technologies
- Forest and nature management
- Agricultural sciences
- Chemistry and bioindustries

Landscape architect

Agroecology

Innovation management  
and food design

**Specialised master – 60 ECTS**

Integrated production and preservation of  
natural resources in urban and periurban  
area

**3<sup>rd</sup> cycle** PhD studies - 120 ECTS

Continuous training

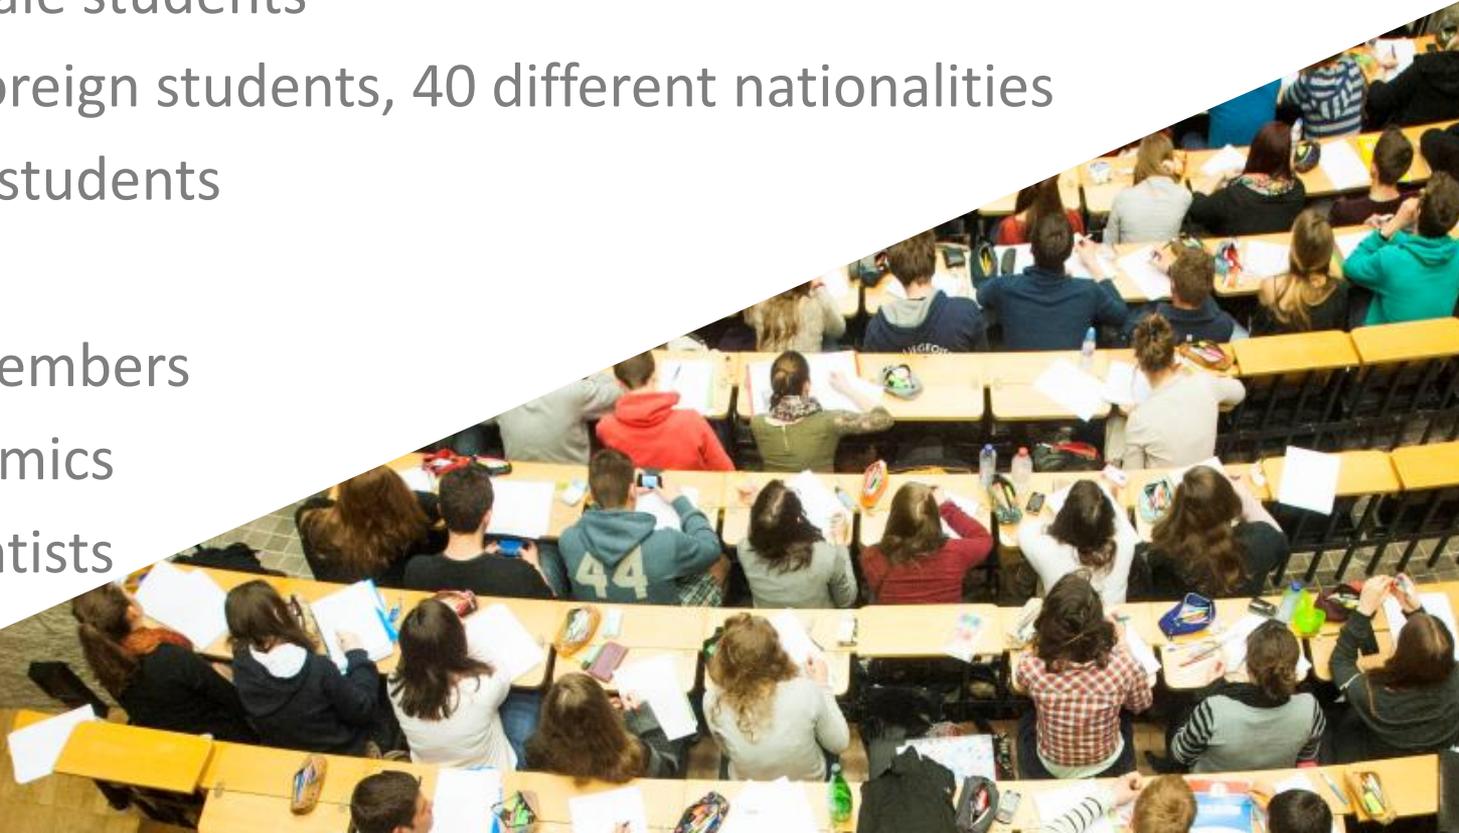

- ▶ Certified ISO 9001
- ▶ Certified by the Commission of engineer titles (CTI)
- ▶ Label EUR-ACE

- ▶ 1378 students
  - 41% female students
  - 32% of foreign students, 40 different nationalities
  - 327 PhD students
  
- ▶ 499 staff members
  - 92 academics
  - 233 scientists
