Wageningen Indonesian Network Scientific Exposure (WISE), Cibinong Science Centre Campus at 5-6 July 2018.

Together, Wageningen University & Research (Wageningen UR), Indonesian Institute of Sciences (LIPI), Wageningen UR Indonesian PhDs and Wageningen UR alumni chapter Indonesia, held **the Wageningen Indonesian Network Scientific Exposure (WISE)** in Cibinong Science Centre Campus at 5-6 July 2018. The WISE is a general meeting, with aims to connect the network between Wageningen UR and Indonesia, to update research among Indonesian students and alumni from Wageningen UR, and to initiate new ideas and new research collaboration between Wageningen UR - Indonesian network. The theme of WISE2018 is **Food, Health & Ecological Resilience**, *celebrating Wageningen UR Centennial Day: students and alumni contribution towards prosperous Indonesia.* The meeting consists of panel discussion, series of lectures and selected presentation, as well as focus group discussion and workshops. The Chairman of LIPI, Dr. Laksana Tri Handoko, was officially open the WISE2018 meeting and the closing remarks of WISE2018 was given by the Ambassador of the Netherlands for the Republic of Indonesia, Rob Swartbol. The meeting was a succees with approximately 150 participants, consist of LIPI's employee, Wageningen UR's employee, Wageningen UR Indonesian PhDs, Wageningen UR alumni chapter Indonesia, and many more. Of the WISE2018, a Memorandum of Understanding (MoU) between Wageningen UR and LIPI was officially signed by the chairman of LIPI, Dr. Laksana Tri Handoko, and Prof. Henk Hogeveen, as the representative of Wageningen UR rector magnificus. The WISE2018 meeting was also a part of the Wageningen UR 100-year alumni world-wide celebration and a UniversiTree (*Anaxagorea javanica*) was planted in the famous Bogor Botanical Garden to commemorate the Wageningen UR centennial day.
