

# Multi-view framework to assess (National) Spatial Data Infrastructures

## Workshop Introduction

Wageningen, 23 May 2007  
Joep Cromptoets

WAGENINGEN UNIVERSITY  
WAGENINGEN UR

# Presentations overview

1. Personal presentation + expectation
2. Related Projects
3. Why assessing (N)SDIs?
4. What assessing?
5. How to assess?
6. Previous Workshop results
7. Introduction Multi-view framework
8. Program schedule
9. Logistics

# Personal presentation + Expectation

## Introduce yourself

Name

Country

Background information (focussing on SDI-assessment)

## Workshop Expectation

What do you expect to gain from this Workshop?

# Related Projects

## 1. Development of framework to assess National Spatial Data Infrastructures

*(Space for Geo-Information / RGI-005)*

### Top-ups

#### 1a. Multi-view framework to assess National SDIs

#### 1b. Measuring SDI-performance as a function of budgeting processes

## 2. Evaluating and strengthening spatial data infrastructures for sustainable development in Latin-America and The Caribbean

*(Iberian-American program of Science and Technology for Development (CYTED IDEDES))*

# Why assessing? Why evaluating?

Georgiadou et al., 2006. URISA Journal. Lance et al., 2006. IJSDIR.  
Four evaluation/assessment orientations

1. Control
2. Learning
3. Sense making
4. Explorative practice

Grus, et al. 2006 GSDI-9 paper / Cheliminsky, 1997

1. Accountability
2. Development
3. Knowledge

## Others

Improving performance, gaining explanatory insights, to strengthen institutions/sectors

# What assessing?

National Spatial Data Infrastructures

Need of definition?

If yes, which definition?

New definition or one of the multiple existing definitions?

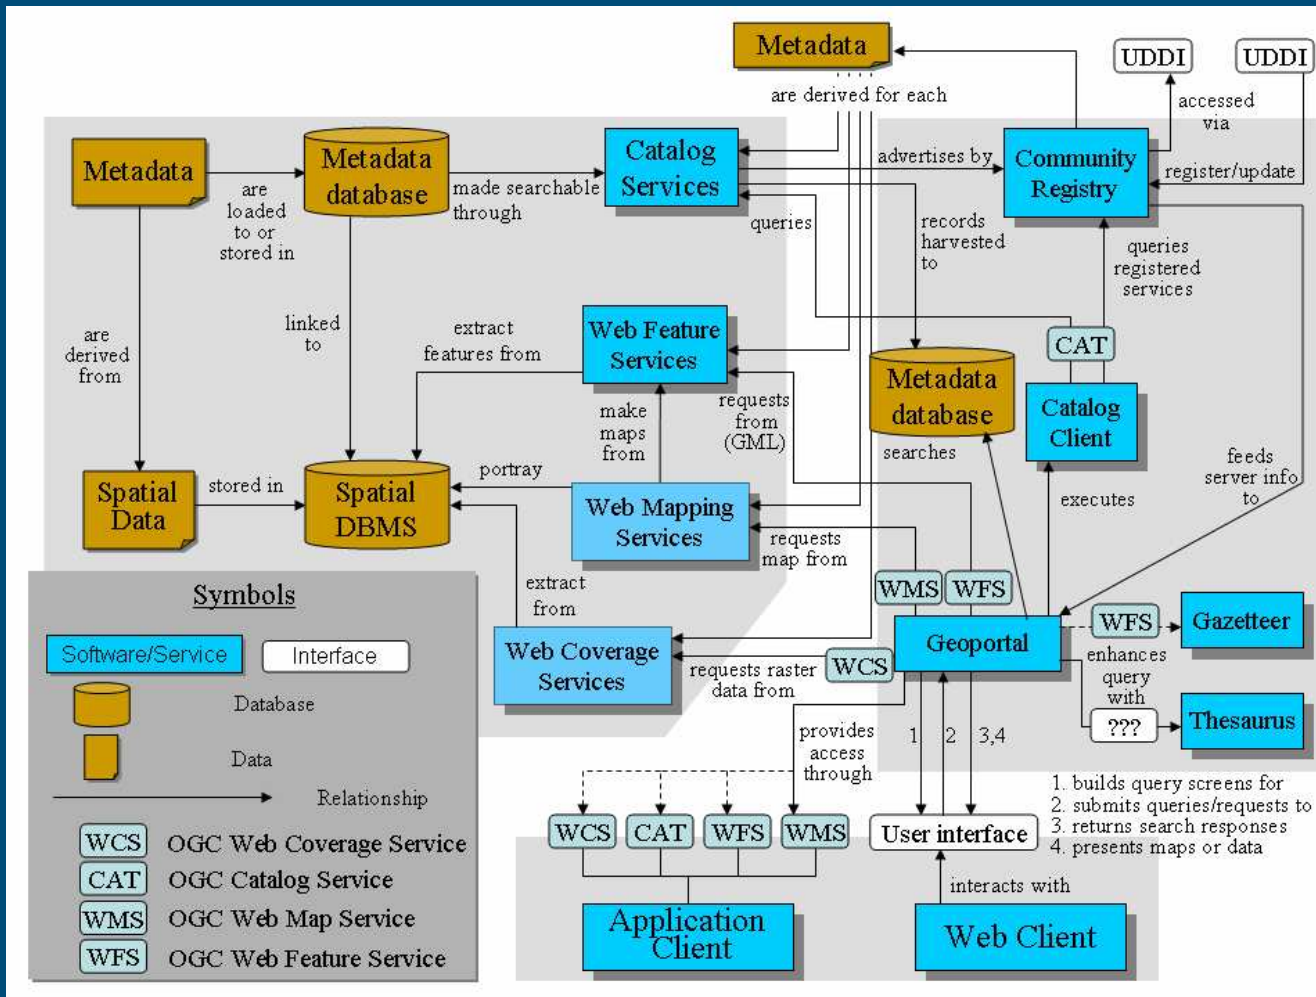

Not comparing apples with pears?

US SDI vs. Luxembourg SDI

National Data producer led vs. Not National data producer led

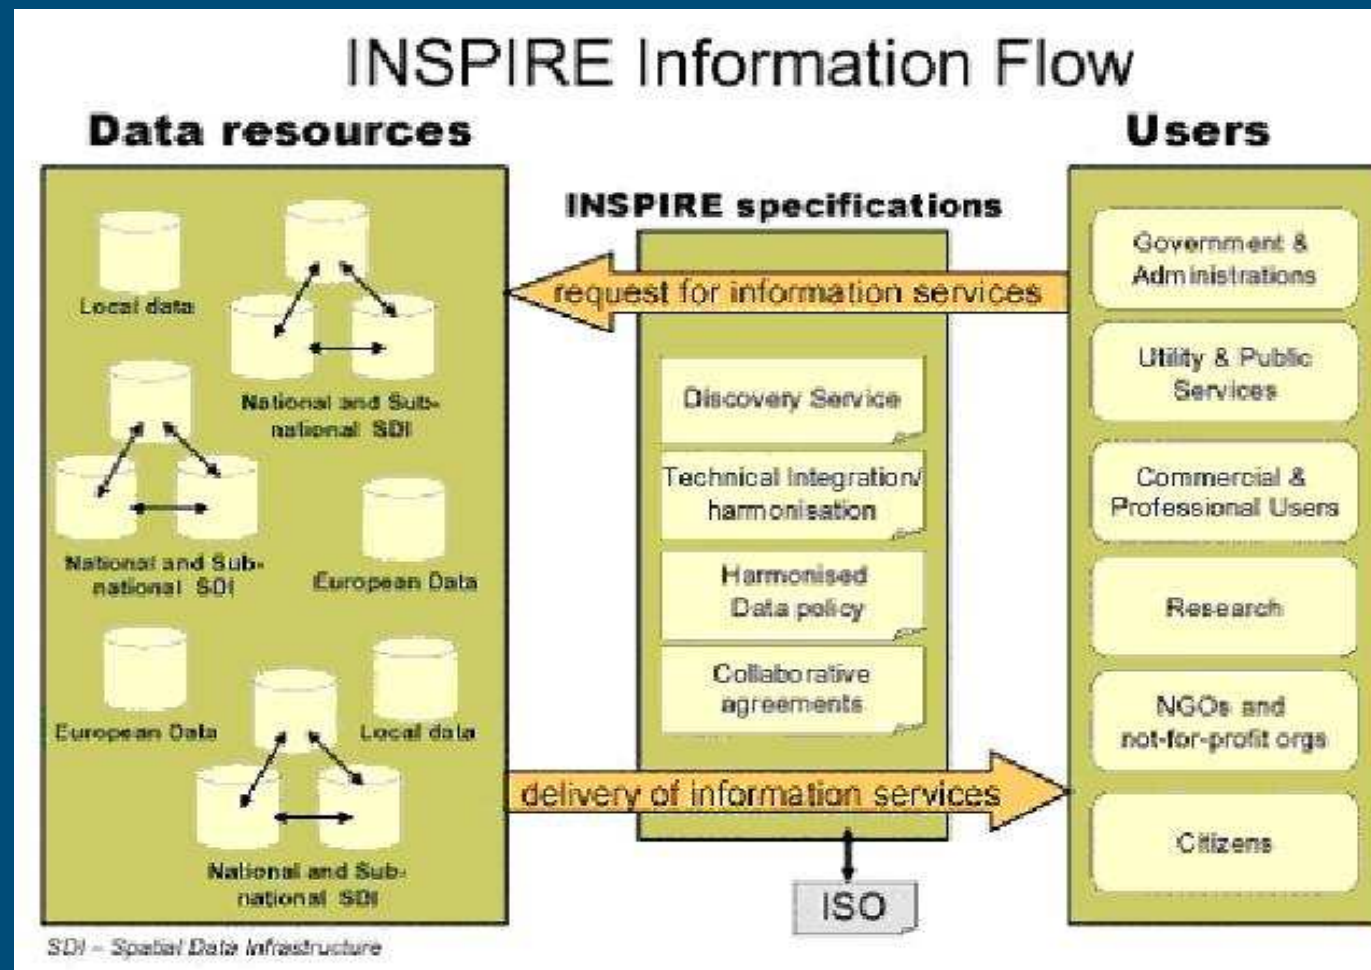

# What are good SDIs?

Nebert (ed.), 2004  
SDI Cook book

# Is this a good SDI?

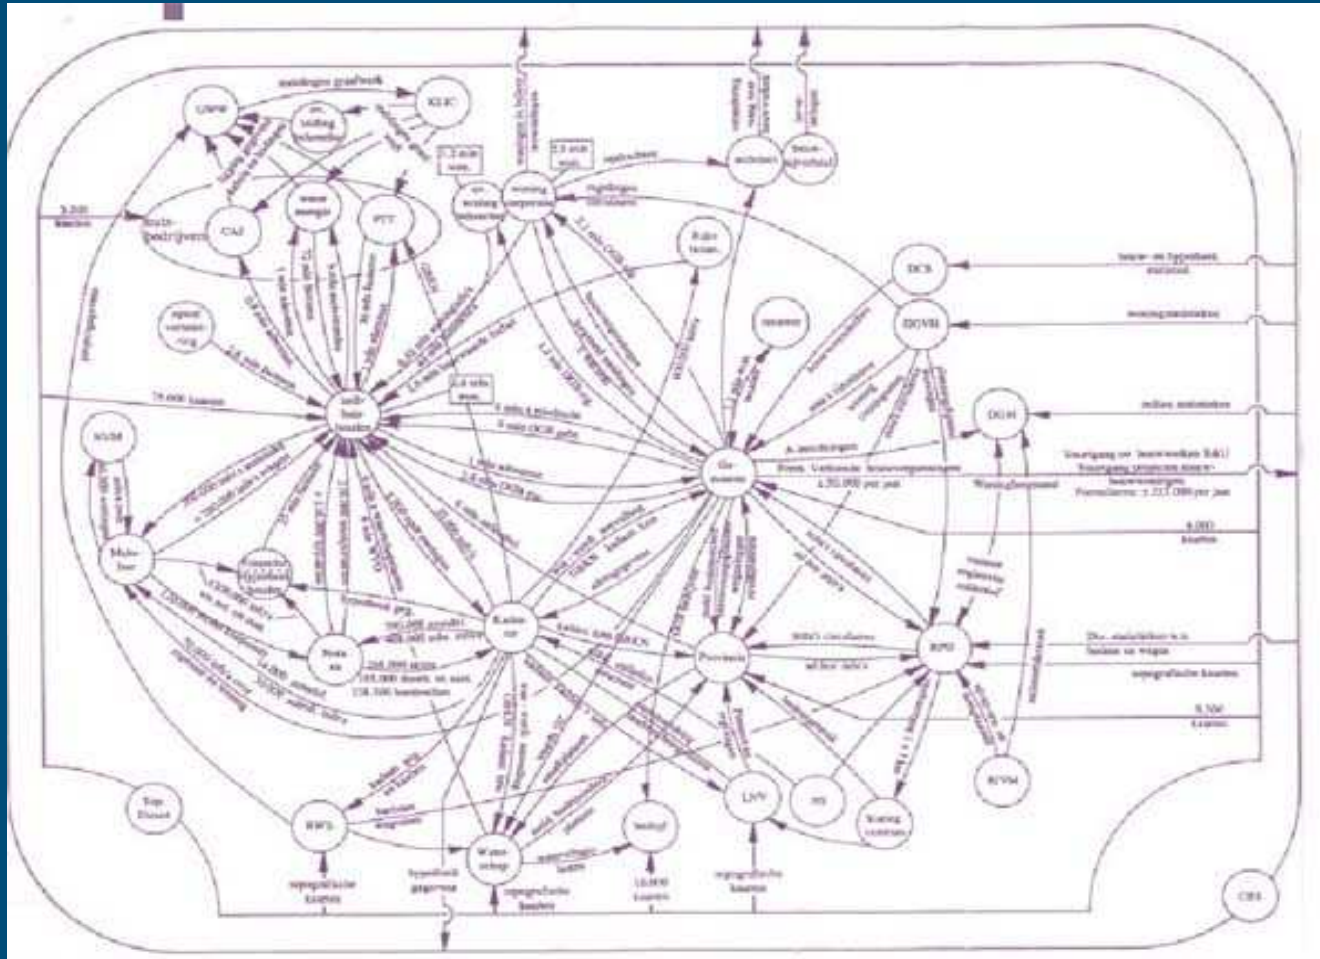

INSPIRE, 2006

# Is this a good SDI?

Structuurschets  
Vastgoedinformatie  
Voorziening, 1992

# Criteria for assessment?

*Relevant*

*Efficient*

*Effective*

*Satisfactory*

*Sustainable*

*(social, economic, environmental)*

*Compliant*

*Coherent*

*Well used*

WAGENINGEN UNIVERSITY

WAGENINGEN UR

# How to assess SDIs?

- Examples of existing assessment approaches
- Masser (1999), Rajabifard et al. (2003): Generational
- Steudler et al. (2003): Evaluation and Performance indicators
- SADL (2003/4/5): INSPIRE State of Play
- Kok, B. and van Loenen, B. (2004): Organisational/Institutional
- Delgado et al. (2005): NSDI-Readiness
- Rodriguez Pabon (2005): Theoretical framework to assess SDIs
- Cromptvoets (2006): Clearinghouse Suitability Index
- Lance et al. (2006): SDI control evaluation
- Giff (2006): Performance based management

**Different assessment orientation, different approaches, different sampling methods, different levels, different definitions**

# Examples of approaches: NSDI-Readiness

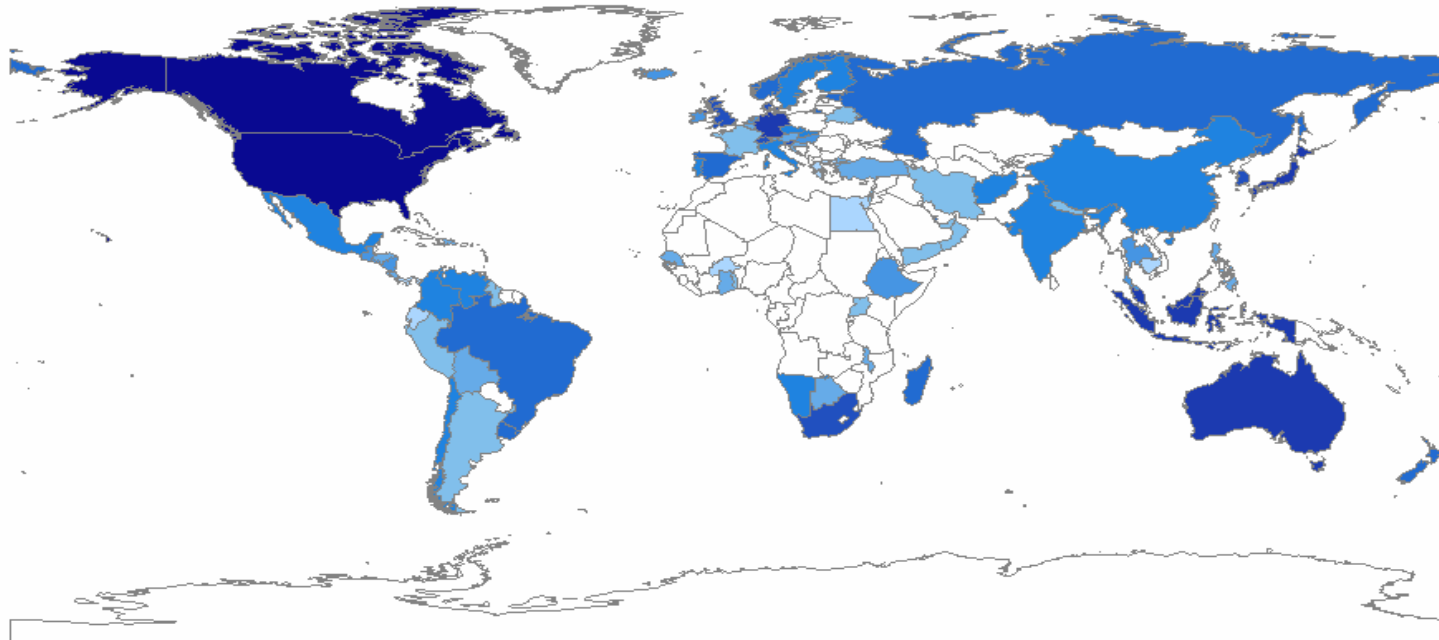

Índice de Alistamiento en IDEs en Iberoamérica y el Caribe

Delgado et al., 2007

# Example: Nat. Clearinghouse suitability index

Legend

**Clearinghouse index 2005**

**INDEX2005**

Crompvoets, 2006

# Example: (INSPIRE) State of Play

Spatial Application Division of KU Leuven, Danny Vandembroucke, 2003-2005

# Previous Workshop

- Workshop “Exploring SDI-assessment” 19-20 January 2006  
Foundation of the conceptual Multi-view framework
- Many (international) experts (USA, NL, BEL, SVK, India, Egypt, Pol, China, AUS, UK -> many opinions)

# Previous Workshop results

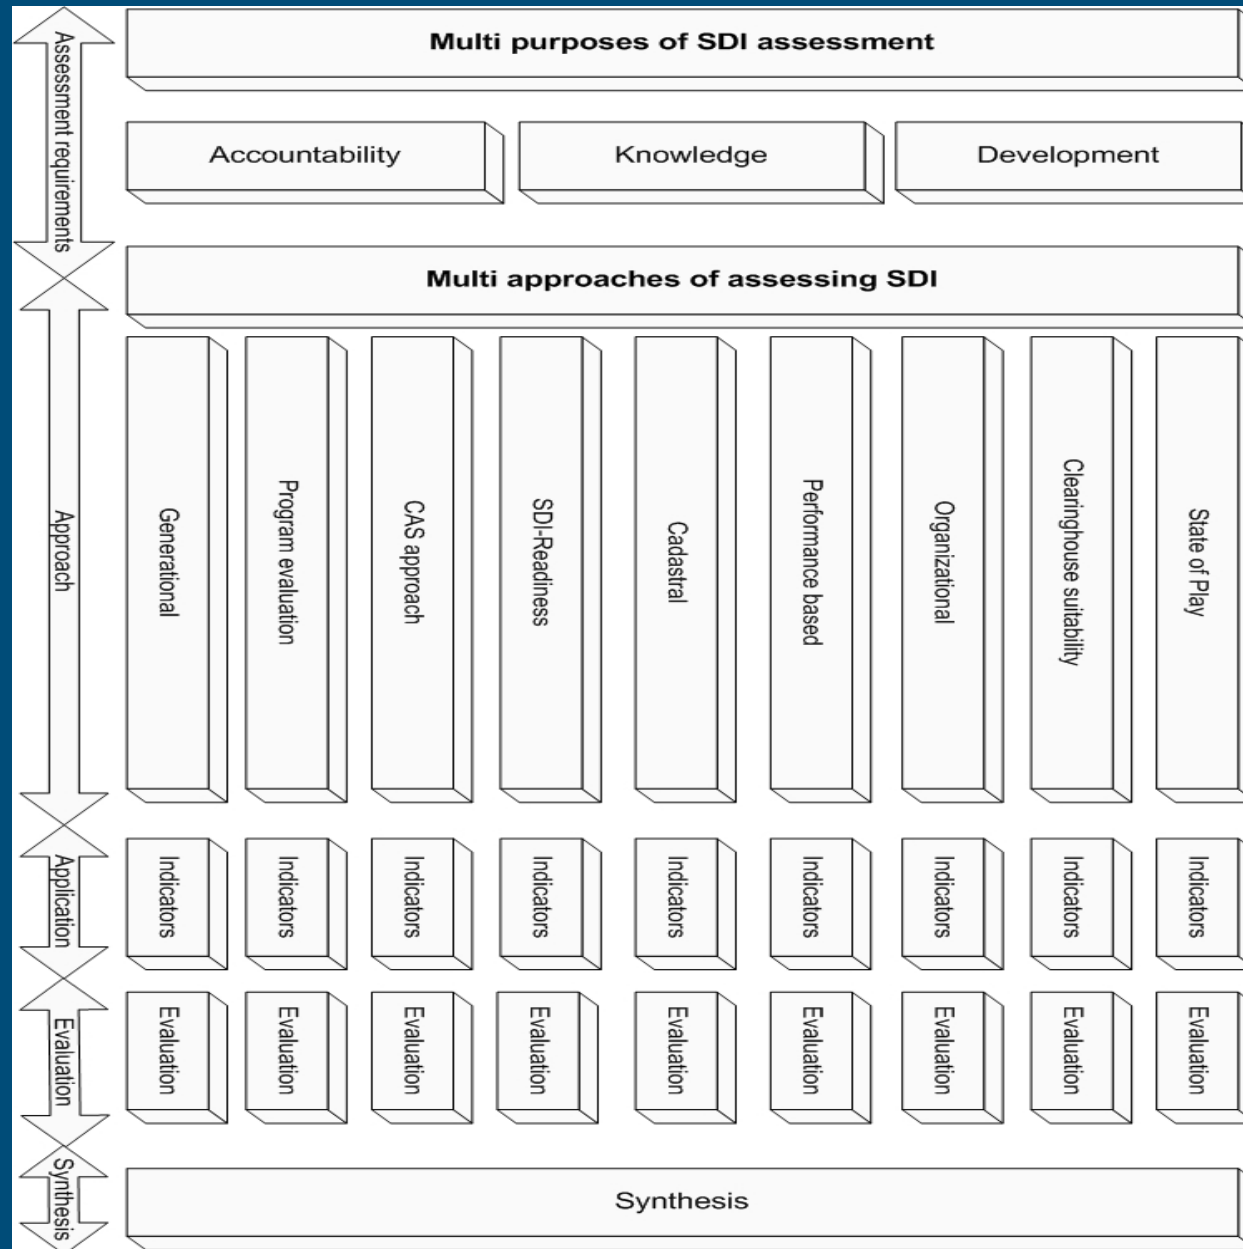

## Assessment framework

- NSDIs are **complex, dynamic and multi-faceted**  
-> Obstacles for assessment
- NSDI as **evolving** target -> specific strategy needed to assess
- NSDI as **complex** systems  
-> complex systems' assessment strategies
- assessment based on user's appreciation
- Flexible

# Multi-view framework (Lukasz Grus)

*Conceptual model of framework*

Others:  
INSPIRE State of Play  
Clearinghouse Suitability  
Index, Global Survey of  
SDIs

Evaluation by key users

Determination critical  
factors

# Wednesday Morning program:

## Introduction to Multi-view framework to assess NSDIs

9:00 – 10:30 AM

- Introduction
- More governance, Less SDI: Implications for evaluation research
- The multi-faceted nature of SDIs and their assessment

*Joep Crompvoets*

*Yola Georgiadou*

*Erik de Man*

*Coffee Break (10:30 – 11:00)*

11:00 – 12:30

- Monitoring and assessing (N)SDIs: some general questions
- Behavior of Complex Adaptive Systems
- Multi-view framework to assess NSDIs
- *Plenary debate*

*Ian Masser*

*Wiebe Aans*

*Lukasz Grus*

# Introduction to Multi-view framework to assess (National) SDIs

## Plenary debate

**“(N)SDIs are complex, multi-faceted, and dynamic. Therefore, the multi-view framework is an appropriate approach to assess (N)SDIs”**

**What is your comment to this statement?**

# Logistics

*Coffee* 8:15; 10:30: 15:30

*Lunch* 12:30 – 13:30

*Workshop Dinner Wednesday* “Hotel De Wereld”: 19:00 - ????

5 Mei Plein 1, Wageningen (PE&RC funded) *Who will participate?*

*Dinner Thursday* “Eetcafé de Kater”: 19:30 - ????

Markt 8, Wageningen

*Working forms* Presentations, Presentation specific questions,  
*Group activities, Plenary debates*

*Presentation procedure*

± 15 min. Presentations, ± 15 min. Questions

*Bus WICC <-> GAIA*

*Bus tickets* (Strippenkaarten) -> Joep

# Additional funding

C.T. de Wit Graduate School for Production Ecology and Resource Conservation (PE&RC) of Wageningen University

WAGENINGEN UNIVERSITY  
WAGENINGEN UR

# Thanks for your attention

## Questions????

# Wednesday afternoon **Multi-approaches**

*Lunch* 12:30 – 13:30

13:30-15:30

- Introduction to indicators
- **Plenary activities “Key indicators”**
- NSDI-Readiness
- Generational approach

*Arnold Bregt*

*Tatiana Delgado, Rafael Espin  
Lukasz Grus*

*Coffee Break* (15:30 – 16:00)

16:00 – 18:00

- Assessing an SDI from an organization perspective
- Blazing the trail or follow the yellow brick road?  
On geo-information and organizing theory
- A legal approach to assessing SDIs
- INSPIRE State of Play

*Bastiaan van Loenen*

*Henk Koerten*

*Katleen Janssen*

*Danny Vandenbroucke*

***Workshop dinner 19:00 “Hotel De Wereld”***

# Thursday morning

# Multi-approaches

8:30-10:30

- Assessing the Impacts of SDIs
- SDI Effectiveness from User Perspective
- Cost – Benefit Indicators to assess SDI-Impact
- Designing Performance Indicators to Assist in SDI Evaluation

*Max Craglia  
Nama Raj Budhathoki  
Zorica Nedovic-Budic*

*Roger Longhorn*

*Garfield Giff*

*Coffee Break* 10:30 – 11:00

11:00 – 12:30

- SDI Performance measurement as a function of budgeting processes
- Towards key variables to assess NSDIs in developing countries
- Quality management in Dutch SDI
- **Plenary debate**

*Kate Lance*

*Lyande Eelderink  
Peter Laarakker, Floris de Bree*

# Multi-approaches

## Plenary debate

**How to integrate the assessment results of the different approaches in order to have a comprehensive SDI-assessment?**

**What is your suggestion?**

# User demands

- Who are the users of the assessment results?
- Why do users need these results?
- What are the usability demands to NSDI-assessment?  
Simple? Comprehensive? User-friendly? Understandable?  
Communicative? (Fully) automated?
- What are their demands to the assessment results?  
Qualitative? Quantitative? Index value? Monetary terms?
- What are the key user demands to these results?
- What are the key (critical) user indicators?

# Thursday afternoon

# User demands

*Lunch* 12:30 – 13:30

13:30-15:30

- Global Spatial Data Infrastructure Association
- UNSDI: an UNGIWG initiative
- INSPIRE Directive: specific requirements to monitor its implementation
- CYTED (Latin-American and The Caribbean)
- Africa

*Harlan Onsrud*

*Jan Cees Venema*

*Danny Vandembroucke*

*Tatiana Delgado*

*Kate Lance*

*Coffee Break* (15:30 – 16:00)

16:00 – 18:00

- GeoNovum
- Performance Evaluation for GeoConnections and the Canadian Geospatial Data Infrastructure
- CIDERC
- Demands of SDI – Connecting worlds
- *Plenary debate*

*Ruby Beltman*

*Rebecca Last*

*Paula Rojas*

*Tatiana Delgado*

*Jacqueline Meerkerk*

**19:30 Dinner Eetcafe De Kater**

# User demands

## Plenary debate

**What are the key user demands to NSDI-assessment (and indicators)?**

# Friday morning

## Matching user demands with assessment approaches in order to assess NSDI?

8:30 – 10:30

Introduction

Arnold Bregt

Group activity

Plenary debate

*Coffee Break (10:30 – 11:00)*

WAGENINGEN UNIVERSITY

WAGENINGEN UR

# Matching user demands and assessment approaches

## Group activity + Plenary debate

1. How do you match user demands and the existing assessment approaches in order to assess NSDIs?
2. What are the main conclusions of this matching?
3. Are you able to determine key indicators? If yes, what are they?

# Application of Multi-view framework

## Purpose for applying

- Identifying biases of assessment results
- Analyzing a variety of approaches to estimate their importance
- Confirming the validity of the approaches and the assessment framework

# Application of Multi-view framework

## Questions

- What is the best strategy for applying the Multi-view framework?
- Is it necessary to use all the approaches?
- What are the key data to be collected? Key (user) indicators?
- What is the best method for collecting the needed data?
- Would the initiative of the GSDI Global Survey of SDIs be a good opportunity to collect the needed data?
- How many (N)SDIs do we need to evaluate in order to assess the validity? Which (N)SDIs do we need to evaluate?

# Application obstacles

- **Timing of application**

Preference: Simultaneous application of the multi-approaches -> Setting times for collecting data and applying the approaches

- **Data availability for various assessment approaches** Different countries

- **Integration of multiple approaches**

Possibility of conflicting approach results

# Application of Multi-view framework

11:00 – 12:30

- Introduction
- Assessing SDI Initiatives: A Ten-Year Retrospective
- **Group activity**

*Harlan Onsrud*

*Lunch (12:30 – 13:30)*

13:30 – 15:15

- **Plenary debate**
- Inventory of contact organisations
- Online questionnaire
- Time planning: Survey + Application

*Coffee Break (15:15 – 15:30)*

# Application of Multi-view framework

## Group activity + Plenary debate

1. What is the best sampling strategy for GSDI Global Survey of (N)SDIs using the multi-view framework concept?
2. What are the key questions to be asked?

# Conclusion session

15:30 – 17:00

- **Plenary debate**
- Conclusions
- Book Logistics
- Further steps

# Conclusions

## Plenary debate

**What are the main conclusions of the Workshop Multi-view framework to assess National SDIs?**
